BERLIN BOROUGH SEWER LATERAL MAINTENANCE POLICY:

In accordance with Berlin Borough Ordinance No. 2003-16, S358-3: Property owners are required to keep clear, maintain & repair sewer laterals from the sewer main to their facility, building or home. Should you experience a sewer back-up in your lateral you should call a plumber or sewer cleaning service.

Contact Berlin Borough's Public Works Department at 856-767-0056 only if it is determined by your plumber that the sewer main located in the street is blocked and causing your lateral to back up and the blockage will be cleared free of charge. If your plumber gives you a bill because of a blockage at the main, you can take the bill to the Berlin Borough Municipal Clerk's office to receive reimbursement.
